Ballistic Windows Protecting Troops

Cornell-Carr has been producing ballistic windows for the US Navy since the 1960's. Our experience fulfilling military requirements makes us the first choice for protecting servicemen and securing critical spaces on vessels of all sizes.

US Military's Primary Source

Cornell-Carr is the primary supplier of ballistic marine windows to the US military. Vessels supplied include:

- CVN
- DDG 51 and 1000 Classes
- LHA/LHD
- T-AKE
- MLP
- CG
- LCAC

Our windows have been tested and certified to handle the most extreme military conditions. Conforming to MIL-STD-662, MIL-PRF-46108C, MIL-W-18445.

PPG Alliance

As PPG Aerospace's marine window framing partner, Cornell-Carr offers the finest technology available. Cornell-Carr uses PPG's Securitect(r) Marine Glazing Units, the superior choice for ballistic, blast and forced entry protection. Superior optical properties, non-spalling, lighter weight, all-climate reliability and night-vision compatibility, Cornell-Carr's windows provide positive protection where it is needed most.

Integrated Technologies

All ballistic and blast protection levels can be integrated with other features such as electrical heating and low radar cross sections.

MILITARY TOUGH.
